TITLE	Flight. Physical Science in Action[TM]. Schlessinger Science Library. [Videotape].
ISBN	ISBN-1-57225-297-9
PUB DATE	2000-00-00
NOTE	0p.; For other videotapes in series, see SE 066 251-261. Teacher's Guide is available from http://www.libraryvideo.com. Eleven-volume set can be purchased for $329.45.
AVAILABLE FROM	Schlessinger Media, P.O. Box 580, Wynnewood, PA 19096-0580 (23-minute videotape, $29.95). Tel: 800-843-3620 (Toll Free); Fax: 610-645-4050; Web site: http://www.libraryvideo.com.
PUB TYPE	Guides - Classroom - Teacher (052) -- Non-Print Media (100)
EDRS PRICE	Document Not Available from EDRS.
DESCRIPTORS	*Demonstrations (Science); *Gravity (Physics); Hands on Science; Intermediate Grades; Junior High Schools; *Physical Sciences; Science Activities; Science Instruction; Videotape Recordings
IDENTIFIERS	*Air Pressure

ABSTRACT

For thousands of years, humans dreamed of flying--but it isn't as easy as birds make it look. Students will learn about lift, gravity, thrust and drag--the forces that are used to get tons of steel off the ground and carry people thousands of miles before landing safely. They will also discover the role atoms and air pressure play in this amazing task as well as in other forms of flight. An interesting hands-on activity is included along with fun, real-life demonstrations to further illustrate these concepts. One of the 16 volumes in the Physical Science in Action series in the Schlessinger Science Library. Part of the Schlessinger Science Library in Action Collection. This title correlates to the National Science Education Standards for Physical Science-- properties and changes of properties in matter, motions and forces, and transfer of energy. This program includes a teacher's guide. (MM)
